SUMMARY

Program Manager with a 4.0 MS in Project Management and a Certified ScrumMaster credential, with a track record of delivering complex, multi-stakeholder initiatives on time and within budget. Experienced managing concurrent portfolios across enterprise operations, multi-site program delivery, and cross-border coordination - building structured processes where none existed and driving measurable outcomes

EDUCATION

Northeastern University, Boston, MA

Aug 2026

Master of Science in Project Management - GPA: 4.0/4.0

Bangalore University, India

Aug 2023

Bachelors in Business Administration - Business Analytics & Information Technology Management

WORK EXPERIENCE

Founder & Program Manager

Jul 2025 - Present

Raah2Rashtra India Foundation, India

- No delivery structure existed - built a full project management framework from scratch across 3 workstreams and a 21-member team; delivered 10+ concurrent programs across 5 sites on schedule with no operational budget overrun
- Requirements were ambiguous and stakeholders conflicting - translated objectives into structured plans with clear milestones; secured institutional approvals across all 5 government sites and sustained delivery through a full program year
- Volunteer workforce had no formal accountability structures - designed ownership routines and progress checkpoints to drive adoption; maintained momentum across all workstreams, scaling impact to 1,500+ students in under 12 months
- Deployed the foundation's website end-to-end and defined the roadmap and milestones for an AI-powered scholarship-matching platform, centralizing scholarship search matched to student profiles and mentor call scheduling; now sourcing the mentor network and resources

Customer Success Manager

Sep 2023 - Sep 2024

Simplotel Technologies Pvt. Ltd., Bangalore, India

- Diagnosed pricing inefficiencies across 15 enterprise accounts (15% of company revenue) by analyzing 500,000+ website traffic and room night records in SQL and Excel; recommendations were adopted portfolio-wide, improving average client gross margin by 12%
- Owned end-to-end account strategy for 60 enterprise clients; identified expansion and retention levers through structured account reviews, driving 22% revenue growth across 2 consecutive quarters
- Identified onboarding as the primary drop-off risk; owned end-to-end delivery - defining scope, timelines, and milestones while coordinating Tech, Design, Marketing, Content, and Finance teams through go-live - cutting setup time by 20% and sustaining 0% churn
- Reframed upsell conversations around demonstrated ROI of existing services before expansion pitches; approach was adopted as the standard account playbook, contributing to 8% growth in upsell and cross-sell revenue

PROFESSIONAL LEADERSHIP & ADVISORY ROLES

Policy Specialist - Strategy & Governance, PMI Washington DC Chapter (PMIWDC)

Volunteer, Jun 2026 - Present

- Conducting a comprehensive inventory and gap analysis of existing PMIWDC chapter policies; collaborating with project leadership to draft, revise, and standardize policies across functional areas, coordinating stakeholder feedback cycles, and developing training materials and reference guides to support organization-wide policy adoption

Event Manager, PMI Mass Bay Chapter

Volunteer, May 2026 - Present

- Led end-to-end planning and execution of chapter events, coordinating a cross-functional volunteer team through vendor negotiation, budget tracking, and market research to secure nonprofit-friendly venues, driving seamless on-site delivery and attendee engagement.

Executive MBA in Marketing (Online), MIT University Shillong, India

Mar 2025 - Jan 2026

Post Graduate Diploma in Management - IT Management (Online), MIT-SDE, Pune, India

Sep 2023 - Mar 2025

PROJECTS

Bombardier Inc. Aerospace Process Optimization Case Study, Project Lead | Northeastern University

Jan 2026 - Mar 2026

- Scoped the operating plan; built a RAID log to track 3 critical path dependencies and schedule risk drivers using Microsoft Project
- Built a Primavera P6 risk model across 12+ variables; prioritized mitigations by impact scoring, cutting schedule risk by 18%
- Led Agile sprints for a cross-functional team; drove stakeholder alignment, improving delivery predictability by 20%

SkillBridge - DevOps, Agile Governance & Cloud Strategy Case Study, Project Lead | Northeastern University

Apr 2026 - Jun 2026

- Applied Gene Kim's Three Ways (Flow, Feedback, Continual Learning) to define measurable DevOps practices, including a sub-5-day feature lead-time target and a blameless retrospective cadence
- Evaluated AWS, Azure, and GCP cloud strategies, recommending AWS S3 for ecosystem depth and startup credits; designed the agile governance model - monthly Governance Review Board and inquiry-first escalation - balancing accountability with psychological safety
